

3/24/74

Waits. We have both read it. It goes fast, largely because I read it yesterday, during rest periods from what for me was most interesting that he could be as anti-Cuban exile as

all well also is interesting. I hear he has a big deal with Watergate book.

trouble. The one reward in reading Hunt is understanding him

"CIA And Watergate" is the reporting of what Baker appears to me also surprised that Anderson would go for such crap. Baker's is an interesting operation. It is also without substance. It or Baker play for saving the GOPs he would like to lead next a self-disclosure for it ~~xxx~~ could not be more dishonest.

laining modern politics except as mythology?

1!

Publishers' Weekly or elsewhere on Hunt's coming magnum opus cularly because the reported six-figure advance seems to be cts of either his work or his position, which can be endangered more by adding to what he has testified to.

a short trip soon. I'll probably know Thursday, when I'll be after. I report this because your plans are not set and as of y have to be away.

Our best,
